

PROFILE

I am a highly motivated and results-driven web developer and designer with 3+ years of experience working at a small web agency. Skilled in utilizing a variety of programs and languages including HTML, CSS, JavaScript, Photoshop, Illustrator, Adobe XD, and WordPress to develop and design visually appealing and responsive websites that meet client's needs. I enjoy problem-solving and can work well under pressure and manage multiple projects simultaneously.

SKILLS

Languages: HTML(5), CSS(3), JavaScript

Tools / Software: Sublime Text, Notepad++, Axure, Adobe XD, Microsoft Office (Word, Excel, Access, Project), Adobe Creative Suite (Photoshop, Dreamweaver, Illustrator)

CMS: WordPress

OS: Windows OS, MAC OS

EXPERIENCE

Web Developer/Designer

Opin Studios

Feb. 2019 – Present

- Developed clean, efficient, and reusable code for web development projects.
- Optimized images for web using Adobe Photoshop and Illustrator.
- Updated web content including images, links, and text on web pages and WordPress.
- Ensured accuracy and attention to detail throughout the design and development phase.
- Managed multiple projects concurrently, ensuring that all projects were completed on schedule.
- Developed responsive websites using HTML, CSS, and JavaScript from mockups, wireframes and Adobe XD.
- Assist in the creation of new websites and webpages while adhering to brand design rules and code.
- Performed maintenance and enhancements to existing websites.
- Worked collaboratively as part of a team to improve workflows.
- Developed websites from the ground up, beginning with a wireframe in Adobe XD, followed by a mockup in Photoshop or Adobe XD, and then coding the website in Sublime Text.
- Checked for errors and debugged websites.
- Problem-solved and troubleshooted issues until a solution was found.
